**MEETING in various communities at various times in the Lexington Metro Area**

BIBLE FELLOWSHIP GROUPS are the small group ministry of AABC that provides necessary accountability and helps us effectively minister to the needs of one another. **Every one who is connected to the AABC family needs to be connected to a BFG!**

**The goal of each BFG is to help one another apply God's word in the context of genuine Christian fellowship for the purpose of sacrificial service in our church and communities and to the ends of the earth.**

This goal assumes that each BFG is intentional with the gospel in one another's life and aggressively evangelistic.

**BFGs are intentional about not becoming stagnant and constantly looking for creative ways to reproduce new groups. At this time, we offer the following BFGs for you and your family**
